Inspired by life, made by enea

At Enea, we find inspiration in every aspect of daily life when we design and create our premium furniture. Our beautiful, strong, and sustainable pieces travel to all corners of the globe from our factory in the Basque Country, to keep you company while you are eating, chatting, or working. While you are waiting, sharing, or relaxing.

En Enea, diseñamos y fabricamos mobiliario premium inspirándonos en cómo vivimos hoy en día. Desde nuestra fábrica del País Vasco viajan a todo el mundo muebles fuertes, estéticos y sostenibles que nos acompañan a la hora de comer, conversar y trabajar. A la hora de esperar, compartir y descansar.

From 1984

Enea has been part of the history of Spanish design since the 1980s. The brand was born in 1984 in the Goierri area (Gipuzkoa) with the clear mission of designing and manufacturing furniture inspired by people's lives. In fact, the Basque word enea can be translated as "the house of" and is a common word ending that is used in the names of farmhouses and family houses across the Basque Country.

Desde 1984

Enea forma parte de la historia del diseño español desde la década de los ochenta. La marca nació en 1984 en la zona del Goierri (Gipuzkoa) con la clara misión de diseñar y fabricar mobiliario inspirándose en la vida de las personas. De hecho, en euskera "Enea" podría traducirse como "la (casa) de", y es una terminación común en nombres de caseríos y casas del País Vasco.

Together is better

Enea represents a unique milestone in Spanish design, as it was created –and continues to work– as a cooperative. This means that many of the staff members are also the owners of the project. Cooperation is part of our DNA; and constant cooperation is fundamental in the way we work with designers, consultants, distributors, and architects to progress from a base of commitment with a set of shared values. Enea is part of the Mondragon Corporation, which is one of the largest industrial groups in Spain.

Juntos es mejor

Enea supone un hito singular en el diseño español, ya que se creó —y sigue funcionando— como una cooperativa. Es decir, gran parte de los trabajadores somos propietarios de la empresa. Así que la cooperación forma parte de nuestro ADN; y cooperar, cooperar y cooperar es la única manera que entendemos de trabajar con diseñadores, prescriptores, distribuidores o arquitectos para avanzar desde el compromiso con unos valores compartidos. Enea forma parte de la Corporación Mondragon, uno de los mayores grupos industriales de España.

Naturally sustainable

Sustainability is a non-negotiable requirement in the briefing of any new design. Since our very beginning, we have understood sustainability in a global way. And not only through investigation and research so we can use more natural or recyclable materials, but also from the viewpoint of durability, robustness, and quality. Because what's more sustainable than something that lasts for 20 years instead of 5? At Enea, whilst we acknowledge that we still have a long way to go, we are constantly striving to find more sustainable and responsible solutions that provide the world with alternatives to improve and care for it.

Naturalmente sostenibles

La sostenibilidad es un requisito innegociable en el briefing de cualquier nuevo diseño. Desde nuestros inicios hemos entendido la sostenibilidad de una forma global. No solo explorando e investigando para usar materiales más naturales o que se pueden reciclar. También desde la durabilidad, la robustez, la calidad. ¿Qué hay más sostenible que algo que te dura 20 años en vez de 5 años? En Enea, y bajo la premisa de que tenemos todavía mucho camino de mejora, no cesamos en nuestro empeño de buscar siempre soluciones más sostenibles y responsables que aporten al mundo alternativas para mejorarlo y cuidarlo.

A personal point of view

We believe that design needs to go hand in hand with authenticity. That is why we have always wanted to give our personal vision to the world of design. Not only for you to get a little closer to the Basque Country through our chairs, tables, stools..., or for the Basque Country to be ever more present in the world; but because we believe that uniqueness, a different way of looking at things, and a distinctive character are all necessary values for what we call iconicity.

Una mirada propia

Creemos que el diseño tiene que ir unido a la autenticidad. Por eso, y desde nuestros inicios, hemos querido aportar una mirada propia al mundo del diseño. No solo para que puedas acercarte un poco al País Vasco a través de nuestras sillas, mesas, taburetes... o para que el País Vasco pueda estar todavía más presente en el mundo, sino porque creemos que la singularidad, las miradas diferentes, el carácter propio, son un valor necesario para eso que llamamos iconicidad.
