

Be

In an age of mobile working, a personal space that's safe and secure creates a sense of belonging. Be lodges are the perfect solution for the agile workplace.

The customisable design options can support your brand, personality and approach to work. The lockable lodges also have the option of including power, perfect for employees to charge their tech whilst they work.

Be lodges make an attractive addition to any vibrant, design led work space and can also be used for division, zone creation and way-finding.

BISLEY

LateralFile

LateralFile lodges are the perfect personal storage solution for any office environment. Available in a range of sizes that fit perfectly together to create banks or combine them with other products within the LateralFile range.

Flexible and stylish with seamless backs, acting as visual or traffic barriers. Additional options such as power, acoustic, personal drawers and business card holders make this a very versatile product offer.

Finally, an extensive colour and wood palette allows for personalisation and co-ordination with the rest of your design scheme.

Essentials

Essential lodges are at the heart of a range of storage products that no office can function without. The range is simple, straightforward and comes in a specific range of sizes and colours.

These lodges provide affordable, high quality, functional and secure personal storage.

Lodge units can sit alongside other products from the Essentials range, to create multi-functional storage clusters.

These height aligned units can also provide valuable collaborative work surfaces.
