

The background is a solid red color with a series of concentric, slightly blurred circles in a darker shade of red, creating a ripple effect that originates from the bottom right and spreads towards the center.

Moving design

We believe in the sense of movement at HOWE;
the idea that what we do is not only moving the levels
of craftsmanship or the confinements within design
but also the people who use it every day.

This is why all chairs and tables from HOWE
offer impeccable functionality. You can fold them.
You can stack them. You can roll them any way
that you want, optimising the spaces in which
we work, think, study, and communicate.

Just as you can feel comfort in them; the look,
the originality, the way form follows function to
the very last detail. Time and time again.

We are HOWE and we believe in moving design.
Since 1928.
