

Variety and modularity

TALO.YOU, K+N NOOK AND QUICK.III

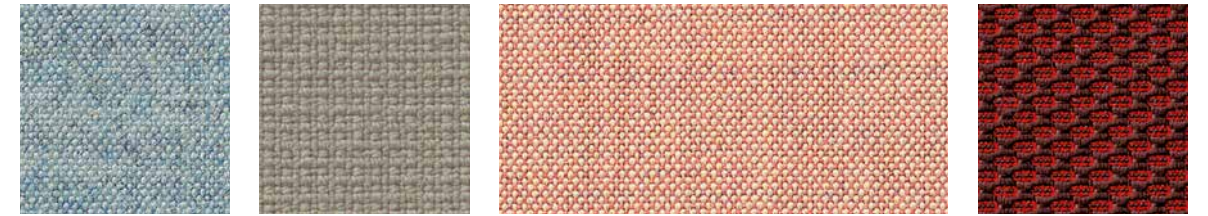

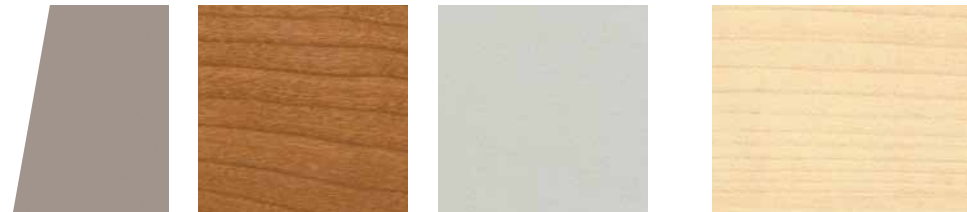

LET'S CHANGE! IDEAS FOR NEW WORK

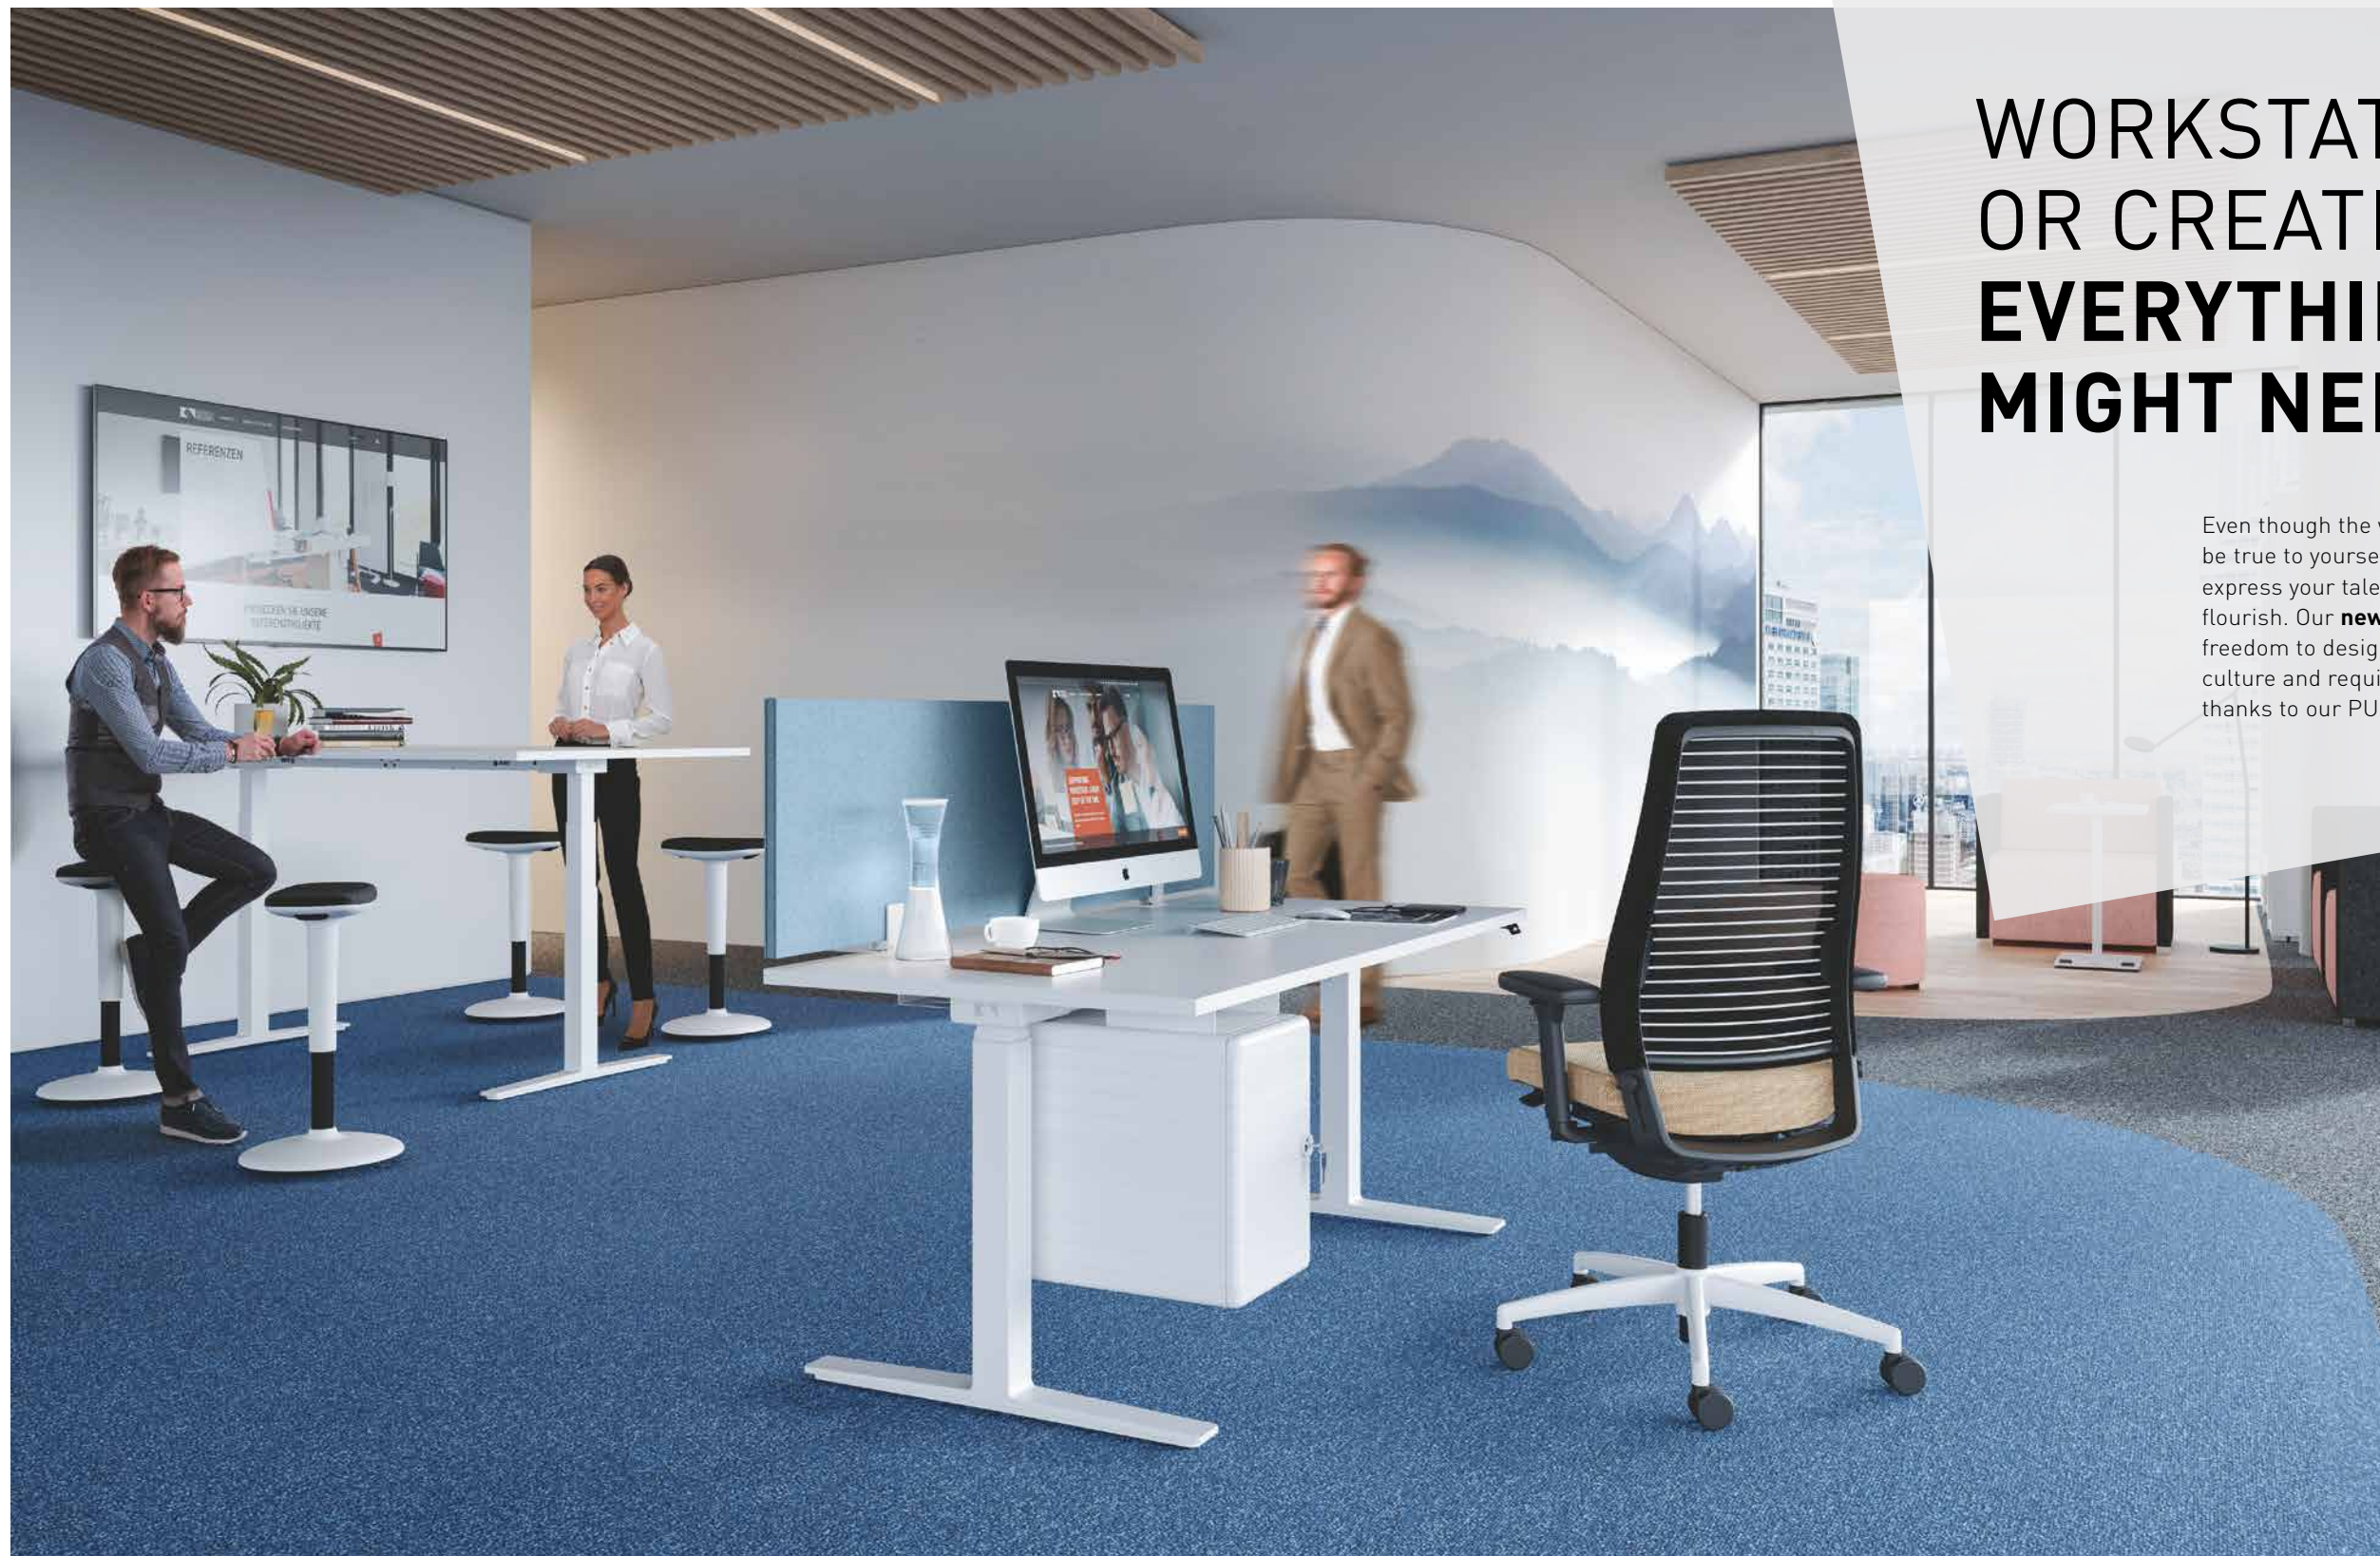

Working situations can transform quickly - our furnishing ideas changes with you!

The developments associated with the covid-19 pandemic have catapulted us into a new reality at alarming speed. Suddenly it's here, the future. And we're right in it! We've had to rethink things at König + Neurath too. We initiated change processes and analysed our product range with regard to its capacity to respond to a variety of potential scenarios.

We are now able to present the results:
a work setting that adapts completely to your needs.
Your working environment, customised by you!

WORKSTATION OR CREATIVE ZONE – EVERYTHING YOU MIGHT NEED TODAY

Even though the world's changing all the time – you can still be true to yourself. Make the most of your individual skills, express your talents and create a setting that allows them to flourish. Our **new TALO.YOU desk system** gives you total freedom to design individual workspaces to suit your work culture and requirements. Individuality in the purest sense, thanks to our PURE style collection.

Multifunctional storage
The Personal Box in black (recycled plastic) or white is a secure place to keep your work utensils. It can be mounted under the desk or is alternatively available on castors with a seat pad.

Products:
TALO.YOU single workstation with Personal Box, OKAY.III, TALO.YOU meeting table with QUICK.III,
NET.WORK.PLACE elements

Products:
TALO.YOU Bench with slab end, AURAY low back, Personal Box on castors,
QUIET.BOX Duo XL, K+N NOOK, round meeting table

OUR VISION: SCALABLE SOLUTIONS

The digital transformation has swept through everything in its path, including the workplace. If the analogue world is to keep pace with the rapid changes, it needs to be flexible. With our customisable furnishing ideas, we can reflect the full variety of working styles. In a way that makes changes simple to implement at any time. TALO.YOU can be configured as an individual workstation with screens for privacy, as a team bench or even a meeting solution. Our digital tool K+N SMART.OFFICE also helps you book free desks or meeting spaces.

A smart solution
Our K+N SMART.OFFICE tool serves as a digital door label, allowing you to see which rooms or workstations are free, occupied or booked via a tablet or straight to your phone.

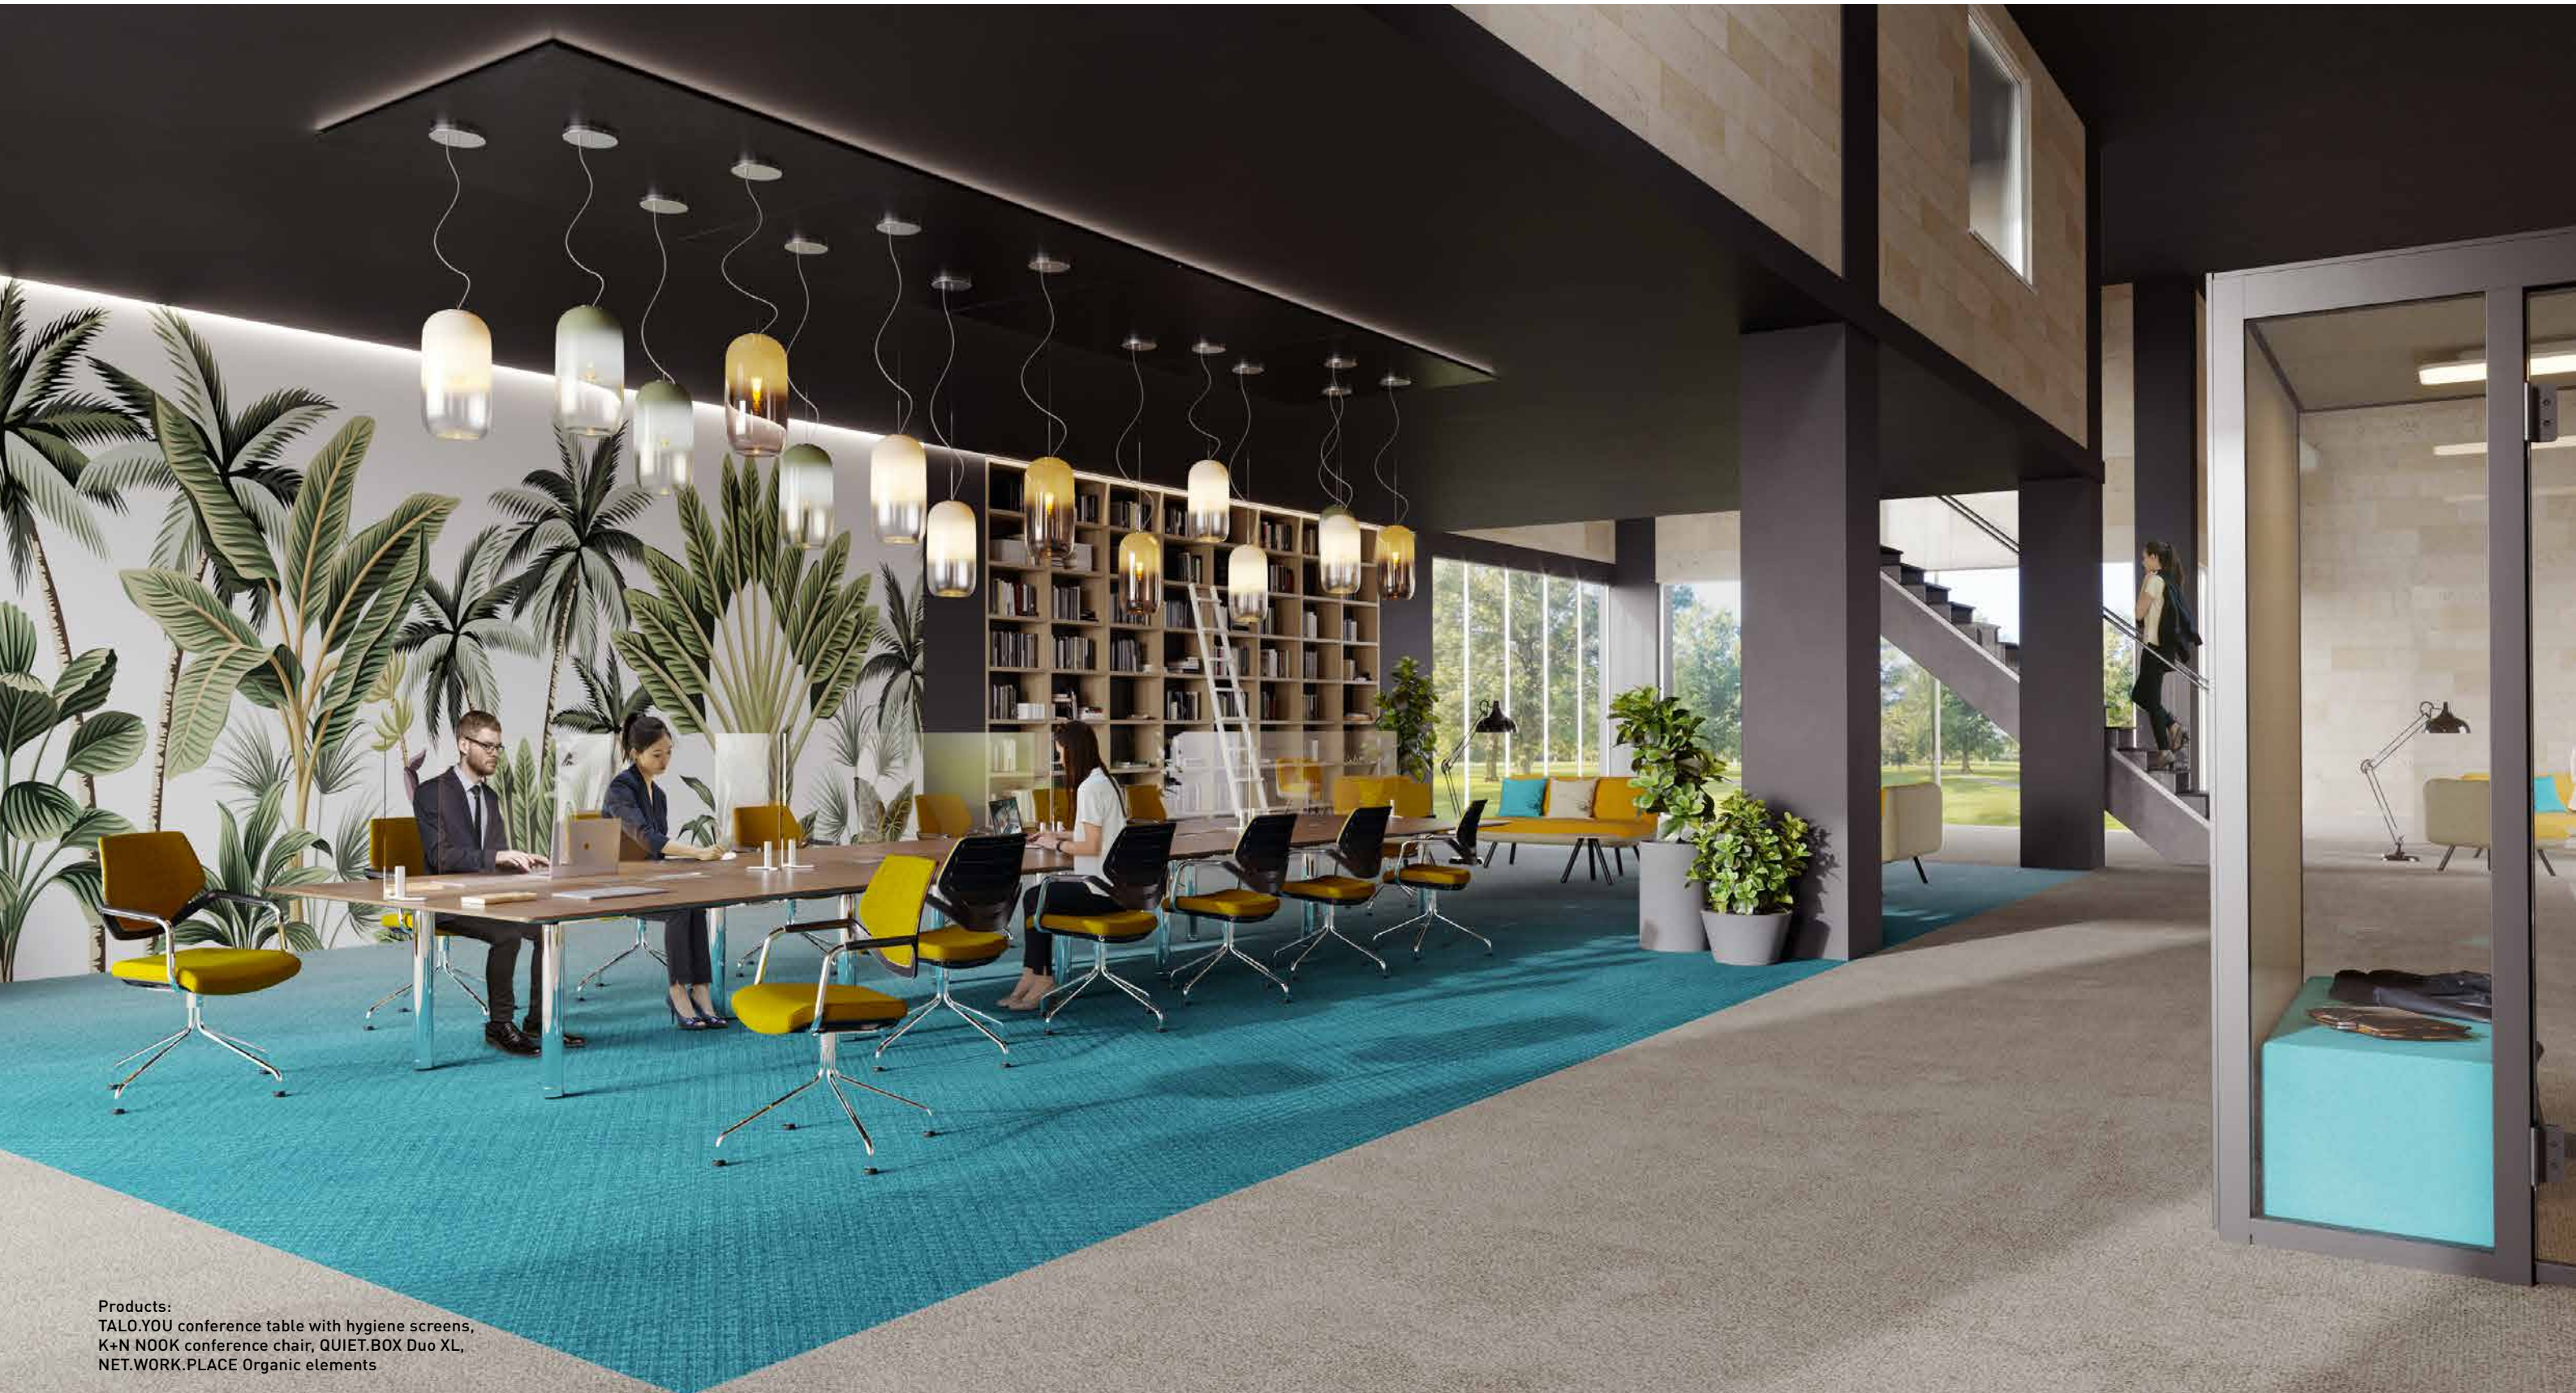

RADICAL CHANGE? TRANSFORMATION? **WORKFLOW!**

The recipe for success for good ideas and sustainable development is: agility. Quick rethinking, transparent communication and a proactive approach are most likely to be effective in a working environment that can adapt. Not just to the task, but also the solution. Like **TALO.YOU**. As a **flexible nesting table** it's as mobile as the lightweight **sit-stand support QUICK.III**.

Products:
TALO.YOU nesting table with hygiene screens, QUICK.III, K+N NOOK counter chair,
LIFE.S Interaction, NET.WORK.PLACE Organic elements

ZOOM IN: ADD VALUE TO YOUR MEETINGS

How will we work tomorrow? Together, that's for sure. They say connectivity is the most influential trend of our times. Networking has many aspects. It works best if it happens in inspiring spaces where communication takes place – digital or analogue, it doesn't matter which – and the creative juices begin to flow. Our **TALO.YOU conference system** gives you plenty of freedom where design is concerned: shapes, finishes, materials and colours are all scalable for any application.

Products:
TALO.YOU conference table with hygiene screens,
K+N NOOK conference chair, QUIET.BOX Duo XL,
NET.WORK.PLACE Organic elements

STAY HOME STAY CONNECTED

Products:
TALO.YOU with A-leg frame, K+N NOOK visitor chair, Personal Box on castors,
NET.WORK.PLACE Organic elements, MOVE.MIX contract chair, ACTA.PLUS sliding door cabinet

Suddenly remote working has become part of the office routine for lots of people – and it's likely to stay that way. Decentral structures not only encourage individual freedom, they also change offices and the way we view our homes. The **TALO.YOU individual workstation** can be fully customised to suit your style and is also highly versatile, allowing your office to function as a harmonious complement to your home. To go with it, you can configure our new comfortable **K+N NOOK** so it's exactly how you like it.

**What's the most important
factor in office planning?**

You!

NESTING TABLE

MEETING TABLE

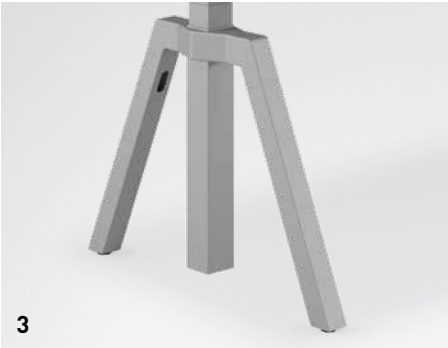

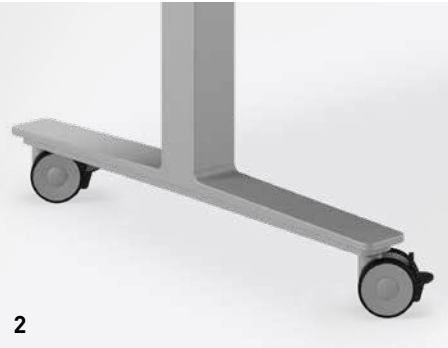

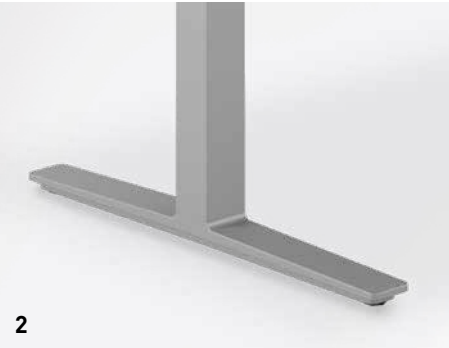

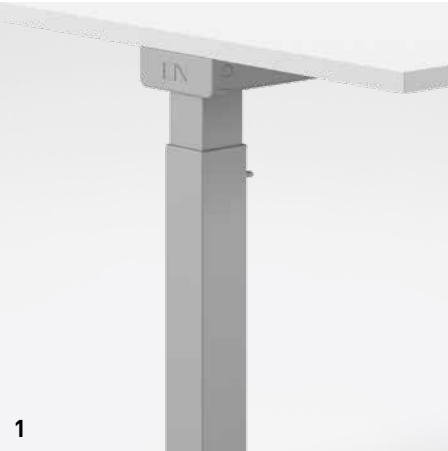

DETAILS

1 | FRAME LEGS

Square tube (70 x 70 mm),
round tube (Ø 70 mm).

HEIGHT ADJUSTMENT
OPTIONS

- Fixed height
- Height adjustment
- Electric motor

2 | FRAME TYPES

Symmetrical on glides or castors.

3 | FRAME DESIGN

Square/round tube leg columns are also available with an A-leg frame in steel tube or real wood.

4 | CABLE DUCT WITH CABLE CHAIN

Houses vertical electrics for motorised and lift desks.

5 | CPU HOLDER

Can be fitted to the inside or outside of leg frame.

6 | FABRIC-COVERED DESK SCREENS

Flexible solutions as desktop screens connected by adaptors or clamps – or alternatively as fly-by screens for fitting behind the desk.

7 | CABLE TRAYS

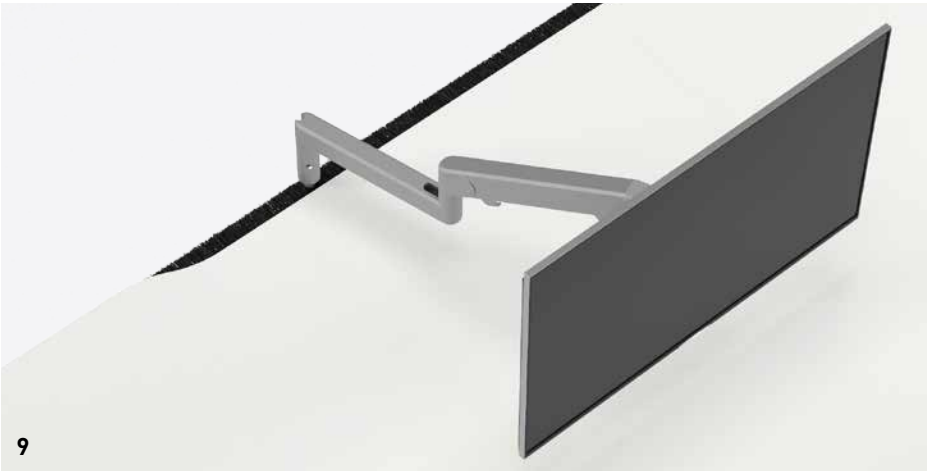

Fixed or fold-down cable trays. Central cable trays, with or without a cover, height from floor: 420 mm, dimensions: H 100 x D 249/ 219 mm

8 | SMOOTH-RUNNING SLIDING TOP
Allows convenient access to cables from above, fast and efficient.

9 | ELECTRICS CUT-OUT
With brush seal and tool rail to hold flat screen monitors. Also suitable for bench systems.

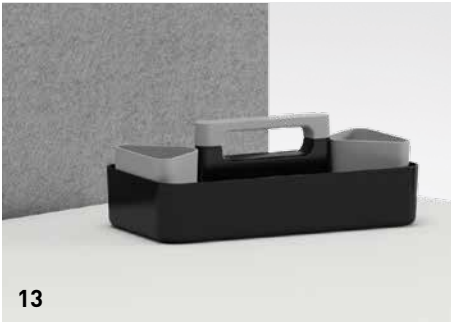

10 | OPERATING CONSOLE
In 2 variants for infinite motorised height adjustment.

11 | DIALOGUE DESK
Organic free-form or rectangular. Frame width 1600 mm. Depending on requirements the meeting side can be selected on the left or right.

12

13

12 | UNDER-DESK DRAWER
Plastic under-desk drawer, lockable. Max. load 4 kg. Housing, black or white.

13 | TOOL BOX
Tool box with or without cup holder (for 2 cups). Plastic. Box in black or white, cups available in black or grey.

14 | PERSONAL BOX
Multifunctional, can be used as storage or seat (with a mobile base on castors and cushion pad).

MATERIAL
The black Personal Box is made of sustainable recycled PET material. (ABS/PA6 GF30 - recycled PET material).

14

15

15

16

15 | CONNECTION TO DESKTOP
The box can be connected to the left or right of a 25 mm top by means of a clamp adaptor. The connection kit is supplied. The box rotates through 180°, allowing it to be used on either side.

16 | SPECIFICATION/OPTIONS
The optional interior fittings include a key holder and a phone holder.

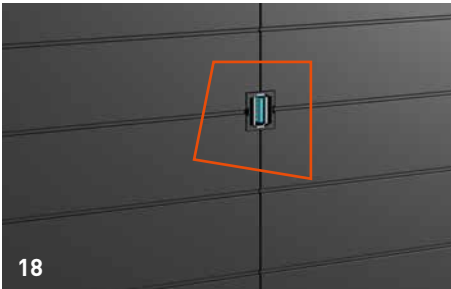

17 | LOCKS
The door features a "softclose" mechanism for silent closing. If required it can be fitted with an interchangeable core cylinder or combination lock.

17

17

18

18 | KEYSTONE
The plug connection system can be supplied with USB-A 3.0 Key Stone as an additional option.

DETAILS BENCH

19 | CENTRAL SCREEN FOR PRIVACY
The effective screen provides privacy as well as offering acoustic advantages.

20 | FUNCTIONAL SIDE TRIM
Optionally either perforated steel or closed to accommodate cables.

20

K+N SMART.OFFICE

Take your place in the agile work culture – with a smart, stress-free approach

How can we organise rooms and processes efficiently even though people are working everywhere? How can we empower agile project teams so that they can work within a structure whilst remaining healthy? **K+N SMART.OFFICE** networks the room, furniture and people together, turning challenges into opportunities.

K+N SMART.OFFICE is a digital service that provides a simple way of organising space so that it's used efficiently. To achieve this, sensors are installed in rooms and on furniture. **K+N SMART.OFFICE** can be used via a phone app or from the desktop.

The system includes modules that you can integrate into your infrastructure individually or in combination.

With the **K+N SMART.OFFICE COMPANION**

it's easy for employees to book rooms and workstations which makes organising dynamic work cultures efficient.

- + Find and book vacant desks and meeting rooms
- + Filter by number of people and equipment
- + Touch screen in the meeting rooms, instant booking option
- + Find colleagues

With the **K+N SMART.OFFICE STUDY**

you can make space and furniture use transparent and highlight potential for optimisation – to plan space use more efficiently.

- + Identify the full potential of space and resource utilisation
- + View data in real time
- + Use comprehensive analysis for new, efficient room and space planning
