Environmental Attributes

Product Category Seating: Sofa

Certifications ISO 14001
ISO 14006
level[®] 2 certified to ANSI/BIFMA e3 Standard
Indoor Air Quality-Advantage™ Gold
FSC[®]

Dates of product

Type: New product Redesign

Scope of the declaration Each phase's detail considered and its scope is included below

| Materials | Production | Transport | Use | End of life |
|--|---|---|--|---|
| It includes the extraction of raw materials and their transformation to its acquisition by Andreu World. | It considers production and assembly processes of Andreu World. | It considers production and assembly processes of Andreu World. | This stage has no environmental relevance for the life-cycle assessment. The product has an estimated durability of 15 years, although it may last longer. | Data from Spain has been taken as a reference. A person who has to get rid of the chair will deliver it to a collection point. It is assumed that wood and cardboard components can be recycled, and the rest would be treated. |

Used materials. Specifications of materials including packaging for the final product

Recycled Content Summary

Total Weight kg/lbs 26,30 / 57.98

| | kg | lbs | | |

| Post Consumer | 0,00 | 0.00 | Post Consumer | 0,00 % |
| Pre Consumer | 4,61 | 10.15 | Pre Consumer | 17,51 % |

FSC Certified. Andreu World's Commitment to the Environment

Andreu World, a company committed to environment, only works with wood from FSC[®] certified forests. The products that carry the FSC[®] label are independently certified to assure consumers that the wood in their product comes from forests managed in socially, economically and environmentally responsible manners ensuring the resource for future generations.

Andreu World is working with SCS to certification for the FSC[®] Chain-of-Custody certification which tracks the path of products from the factory to the market. FSC is an independent, non-profit and non-governmental organization to promote the responsible management of forests worldwide. <http://www.fsc.org>.

VOCs and other hazardous substances

Andreu World works with different environmental standards that guarantee that products contain low emissions of VOCs, does not use urea formaldehyde, heavy metals including mercury, cadmium, lead, antimony, PFCs, and certain hazardous substances of the American and European Directive.

Maintenance

Wood

We recommend cleaning stains with a damp cloth and a soap solution.

Upholstery / Covers

- Clean all non-adherent dirt on the fabric with a brush.
- Wash the fabric by hand, according to the following:
 - Prepare a cleaning solution made of mild soap diluted in warm water.
 - Clean with a soft brush and impregnate the fabric with the solution.
 - Rinse thoroughly and let the fabric outdoors to dry .

Unpacking

Materials / Materiales

- ▶ Polyurethane foam  Recycling center
- ▶ Cardboard  Paper/Cardboard container
- ▶ Film  Plastic/Metal container

End of life

Instructions disassembly

The product can be disassembled using normal hand tools. It contains only a few different materials, making sorting for recycling easy.

- ▶ Wood/Plywood  Recycling center
- ▶ Polyurethane foam  Recycling center
- ▶ Fabric  Recycling center

LEED Credit Summary

| PROGRAM | CATEGORY | ITEM | CONTRIBUTION | |
|--|------------------------------------|--|--|------------|
| LEED-NC New Construction & Major Renovations | Materials & Resources | Credit 2 Construction Waste Management | Packing materials include cardboard and film plastic, both which are easily recycled. | 1-2 points |
| | Materials & Resources | Credit 5 Regionals Materials | Depending on project location, the product may contribute to this point. Please contact us regarding location details of extraction and manufacturing. | 1-2 points |
| | Materials & Resources | Credit 7 Certified Wood | Andreu World, a company committed to environment, only works with wood from FSC® certified forests. | 1-2 points |
| | Indoor Environmental Quality | Credit 4.5 Low-Emitting Materials | Product is SCS Indoor Advantage™ Gold certified for indoor air quality. | 1 point |
| LEED-CI Commercial Interiors | Materials & Resources | Credit 5.1 Regionals Materials | Depending on project location, the product may contribute to this point. Please contact us regarding location details of extraction and manufacturing. | 1 point |
| | Materials & Resources | Credit 7 Certified Wood | Andreu World, a company committed to environment, only works with wood from FSC® certified forests. | 1 point |
| | Indoor Environmental Quality | Credit 4.5 Low-Emitting Materials | Product is SCS Indoor Advantage™ Gold certified for indoor air quality. | 1 point |
| LEED-CS Core & Shell | Materials & Resources | Credit 2 Construction Waste Management | Packing materials include cardboard and film plastic, both which are easily recycled. | 1-2 points |
| | Materials & Resources | Credit 5.1 Regionals Materials | Depending on project location, the product may contribute to this point. Please contact us regarding location details of extraction and manufacturing. | 1 point |
| | Materials & Resources | Credit 6 Certified Wood | Andreu World, a company committed to environment, only works with wood from FSC® certified forests. | 1 point |
| | Indoor Environmental Quality | Credit 4.5 Low-Emitting Materials | Product is SCS Indoor Advantage™ Gold certified for indoor air quality. | 1 point |
