Kyo Chair.

Design: PearsonLloyd.

A new, familiar love. Appreciated and desired for generations: bucket seats are the ultimate in good taste and are genuine cult objects. Elegant lines, soft curves – Kyo Chair safely envelops its owner. Striking seams structure the upholstery – sweeping and elegant like the seats of a sports car. Its shell – on the outside, like the original, in plastic or completely covered with leather – ensures exceptional seating comfort. With a slight swivel action on the four-star base or the tubular steel base, Kyo Chair offers new perspectives whichever way you look at it.

We would greatly appreciate a courtesy copy.
