

## Press Release

### **375 Armchair.**

Design: Walter Knoll Team.

The new elegance. The designers had presumably imagined a shared aperitif or a conversation in the salon when they came up with this small armchair in 1957. The 375 Armchair has a light-footed and charming air. It's not a chair for lolling around, but taking a seat. And the slightly larger 375 Armchair is also reminiscent of familiar social rituals. A genuine Gentleman's Chair, particularly supple and comfortable.

Interaction of the materials: the occasional tables perfectly show off the elegance of the 375 range. High-grade marble features on the table tops, the legs are made of solid wood.
