Pastis Collection

Designed in collaboration with HAY by French designer Julien Renault, Pastis was made with the intention to stay relevant for decades to come. The result: a series of wooden chairs and tables with a solid presence, built on authenticity, strength and high-quality craftsmanship. Sturdy construction meets elegant aesthetics, as Pastis emanates personality – bringing a sense of warmth and vitality to its surroundings. Pastis’s durability and comfort makes it suited to many indoor spaces, from dining rooms and kitchens in private homes to cafés and other public environments.

Pastis Collection Design by Julien Renault

French designer Julien Renault grew up near Paris before studying industrial design in ESAD Design & Art School in Reims, France, and ECAL in Switzerland. These two different educations have helped to form his approach to his work – a combination of objective and rational methods with artistic and personal freedom.

Julien Renault in his studio in Brussels

Convinced that all objects have a subconscious effect on our daily lives, Julien manifests the interconnection between objects and their surroundings in his designs, which he creates for a number of international brands.

Julien Renault's Pastis is inspired by the atmosphere of a French brasserie with beautiful woodwork and white tablecloths, which the designer imagines as the romantic space surrounding the chair.

Pastis Table and Chairs balance a sturdy construction with elegant aesthetics.

PRODUCT FACT SHEET

PASTIS COLLECTION

DESIGN BY JULIEN RENAULT, 2022

Designed for HAY by French designer Julien Renault, the Pastis series is a collection of wooden chairs, armchairs and tables built on authenticity, strength and high-quality craftsmanship, with the intention of creating timeless furniture that would last for decades.

Balancing a sturdy construction with elegant aesthetics, Pastis offers a versatile series that emanates personality – for enjoying life, dining, socialising and bringing a sense of warmth and vitality to its surroundings. Available in a variety of lacquered wood types and colours, Pastis's durability and comfort makes it suited to many indoor spaces, from dining rooms and kitchens in private homes to cafés and other public environments.

HIGHLIGHTS

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
