ZENZO

Art. no.: 2-496

Description:

ZENZO is a minimalistic sofa bed in a design characterised by calm and clean lines that invites you to relax, recharge and get a restful night's sleep. As a sofa the seat is comfortable during the day, and at night as a sofa bed, it gives you the best conditions for a deep and relaxing sleep. ZENZO is easily turned into a bed, and the two mattresses are connected to provide an even surface for resting in a proper size fit for two people. The stylish design works well in any room of the house, and style-wise it will match most interiors. The frame is made of wood – elegant and Nordic – and the cover comes in a number of colours and materials that allows you to customize ZENZO to match your specific needs, wishes and style.

Design: Susanne Grønlund

After completing her training at Danmarks Designskole, Susanne Grønlund set up her own studio 1991 and since she has designed and developed a wide and rewarded range of products like: textiles, clothing, toys, lifestyle products, lamps, outdoor furniture and not least furniture. Common for all the new ideas is that they all take starting point in a simple and easy to grasp design style without compromising the function and quality. Her red thread is the Scandinavian design tradition with a humorous contemporary touch which is all combined in a continuous row of innovative ideas and projects, like beads on a string.
