Comfort ed ergonomia contraddistinguono la collezione Ribbon disegnata dal duo norvegese Anderssen & Voll. Un sinuoso gioco di pieni e vuoti, privo di svolte inaspettate, crea un perfetto equilibrio fatto di proporzioni armoniose che sembrano nascere da un'idea di perfezione. Un accurato studio di forme e dimensioni declina uno stile preciso e riconoscibile in diverse soluzioni adattabili a più spazi e contesti. Proporzioni e dimensioni declinate in diverse soluzioni all'insegna della massima versatilità. La scocca di sedia e sgabello presenta una doppia curva, delineando una fluida continuità di superfici, mentre lo schienale della poltrona configura la comodità di un sostegno avvolgente. Le gambe, dalla sagoma morbida e arrotondata, leggere e dinamiche, si sposano armonicamente con la sinuosità della seduta. L'ecclettica famiglia Ribbon coniuga design, funzionalità e dettagli raffinati per arredare ogni genere di interno.

Comfort and ergonomics distinguish the Ribbon collection designed by the Norwegian duo Anderssen & Voll. A sinuous game of solids, voids, and fluid intuitive turns, create an ideal balance of harmonious proportions that seem to arise from an idea of perfection. A careful study of shapes and sizes defines a precise and recognisable style in different solutions, adaptable to multiple spaces and contexts. Proportions and dimensions defined in different solutions in the name of maximum versatility. The shell of the stool and chair is shaped and curved on two planes, outlining a fluid continuity of surfaces, while the back of the armchair configures the comfort of an enveloping support. The legs, with a soft and rounded shape, light and dynamic, blend harmoniously with the sinuosity of the seat. The eclectic Ribbon family combines design, functionality and refined details to furnish any interior.
