Sustainability Commitment

## Introduction

As we navigate the dynamic landscape of the 21st century, the imperative for corporate responsibility has never been more pressing. At Bushell Interiors, we understand that our actions today reverberate into the future, shaping the world we leave for generations to come.

In this spirit, we are pleased to present our Sustainability Report, a comprehensive overview of the initiatives, commitments, and milestones that define our journey towards a more sustainable and responsible business model.

At the core of our ethos is a resolute dedication to environmental stewardship, ethical sourcing, and continual improvement. This report encapsulates our multifaceted approach to sustainability, addressing key pillars such as sustainable sourcing, energy efficiency, product selection, waste reduction, and transportation. It also outlines our certifications and standards, providing transparency and accountability to our stakeholders.

As we delve into the intricacies of our sustainability practices, we invite you to explore the tangible pledges we've made to minimize our environmental impact.

Commitment 1

# A commitment to Sustainable Sourcing

Our commitment to sustainability is demonstrated through purposeful alliances with brands that mirror our dedication to environmentally responsible practices. These respected partners not only prioritize environmental considerations but also hold certifications that substantiate their commitment.

Through these collaborative efforts, we meticulously align our sourcing practices with the most stringent environmental standards, thereby reinforcing our steadfast commitment to responsible business conduct.

In choosing partners who share our values of sustainability and environmental responsibility, we ensure that our projects not only radiate elegance but also resonate with a genuine dedication to the planet.

Furthermore, our supply partners proudly showcase a iverse range of certifications, including ISO, LEED, LEVEL, DECLARE, and more, underscoring our commitment to upholding rigorous standards within our industry.

Commitment 4

# A commitment to Eco-Friendly Transport and Logistics

In a bid to reduce our carbon footprint, we have initiated the transition of our fleet to electric cars.

This shift in our transport and logistics practices reflects our commitment to embracing sustainable alternatives in every facet of our business.

## Commitment 5

# A commitment to Continuous Improvements

We recognize that sustainability is an evolving journey, and at Bushell Interiors, we are committed to continuous improvement.

Our ethos involves an ongoing evaluation of our sustainability practices, ensuring that we remain at the forefront of environmental responsibility and drive positive change within our industry.

# Certifications and Standards

Bushell Interiors proudly holds ISO certifications, standing as a testament to our unwavering commitment to international standards for quality, environmental management, and occupational health and safety. These certifications not only signify our dedication but also serve as cornerstones in our pursuit of excellence.

## Environmental Management System (EMS)

Our ISO 14001 certification underscores our commitment to environmentally sustainable practices.

By adhering to the requirements of ISO 14001, we have implemented an effective Environmental Management System (EMS). This system ensures that our operations minimize environmental impact, reduce resource consumption, and promote a culture of continuous improvement in environmental performance. From sustainable sourcing to waste reduction, ISO 14001 guides our comprehensive approach to environmental responsibility.

## Occupational Health and Safety Management System (OH&S)

The ISO 45001 certification reflects our dedication to the health and safety of our employees and stakeholders. This internationally recognized standard outlines the requirements for an Occupational Health and Safety Management System (OH&S). At Bushell Interiors, we prioritize the well-being of our team members and collaborators by systematically identifying and mitigating health and safety risks.

ISO 45001 guides our practices to create a safe and healthy working environment, fostering a culture of responsibility and care.

## Quality Management System (QMS)

Our ISO 9001 certification highlights our commitment to maintaining the highest standards of quality in our services. The Quality Management System (QMS) outlined by ISO 9001 ensures that our processes are well-defined, efficient, and consistently deliver services that meet or exceed customer expectations. This certification is a testament to our dedication to quality assurance, customer satisfaction, and continuous improvement. It provides a framework for our commitment to excellence across all facets of our business, from design and sourcing to customer service.
